SUBJECT. Regarding the preservation of "Dittum Chitta" and "Kulvar Chitta". (Vide. Subject No: 274 of Dasara R. Assembly of 1892.).

LAST REFERENCE. Letter No. 2205/566 dated 29th December 93 from the Deputy Commr. Kolar District.

In connection with this subject the Deputy Commissioners of Districts were requested to report to what extent the "Chitta" accounts referred to above have been destroyed and whether it is necessary to preserve them:

2. ~~As a reply to this~~ The Deputy Commrs their replies submit, as follows:—

Bangalore District 3. The Deputy Commissioner States that the accounts have not been destroyed and it is necessary to preserve

them, as they are constantly required for reference by Civil and other Courts.

4 The Deputy Commissioner Says that these have all been destroyed with a few exceptions, and, as the Survey Settlement papers contain sufficient records of ownership &c in the lands, there seems to be no ~~reasons~~ necessity for the preservation of the old accounts which fell into disuse long ago. Kolar District. S No 14 ✗

any disputes arise regarding the claims of holdings &c.

Mysore District. 6 The Deputy Commr. reports (1) that Kulwar Chittas have been preserved as they are found to be useful references in cases of disputes as to the extent, title &c of a land before the Survey Settlement, and (2) that their value will decline as time advances and the new forms of the ryot's khata and receipt book or pattah prescribed in Appendix A to the Revenue Rules begin to be maintained correctly everywhere.

7. With regard to Dittam Chittas, the Dy Commissioner says that they are necessary only till the village accounts are all

prepared and the Jamabundy
of the year to which they
relate is Settled and that
they are practically of no
value afterwards and may
be destroyed once in five years.

3. The Deputy Commr states Hassan Disbrict S1006
that most of the Amildars
whom he consulted on the
Subject are in favour of pre-
-Serving the Kuluvar Chittas
till another Survey settlement
and of destroying the Pittum
Chittas altogether. He also
states that Some of the Amildars
advocate the preservation of
both the Accounts till the
Re-Survey, while the Amildar
of Arsikere is of opinion that
both of them are not required
for any reference, as it can
be obtained from Survey

in reporting that these accounts
have been completely destroyed
in Manjarabad, Belur & Hassan

that Kuluvar bluttas may
be preserved as they, being
in force till the Survey Settlement,

several cases, affecting rights
of parties, as they contain
information regarding

11. The deputy Commr & in reporting that the Chitta Accounts in all the Talukes of his Disbrict were destroyed as per Govt orders passed on the list received with Chf Secys No. 5372 dated 17th Nov 1888, is of opinion that their preservation is unnecessary as they have been replaced by Survey Village account forms nos 143.

12. From the foregoing it will be seen that ~~two~~ while the Deputy Commissioners of Bangalore, Tumkur, Shemoga and Kadur advocate the preservation of these accounts those of Kolar & Chitaldroog consider it unnecessary to keep them in the Records. The Dy Commissioners of Mysore Hassan are in favor of preserving the Kulwar Chitta accounts.

Sir,

With reference to your docket No: 4003-9/R446 dated 31st August last, calling for a report as to the extent to which the old "Dittom chittas" and "kulwar chittas" have been destroyed, and whether it is necessary to preserve them, I have the honor to state that the Shanbhogs and Taluk officials in the District do not appear to be familiar with the names of the accounts adverted to above.

The accounts which in this District might be considered as answering to the description of the aforesaid chittas are the "Aval" and "Duyam" "Nom" the first being a general register of fields (occupied and unoccupied) and the 2nd that of individual holdings including Inams in each village.

These, the preparation of which was superseded in 1873-74 by the introduction of the Survey forms of village accounts, have all been destroyed with a few

exceptions and as the Survey Settlement papers contain sufficient records of ownership be= in the lands, there seems to be no necessity for the preservation of the old accounts which fell into disuse long ago.
